 - Friday: 8:00 am to 4:00 pm

Deep River & District Hospital FOUNDATION

The DRDH Foundation is the fundraising arm of our local hospital, and raises funds for medical equipment. The government does not provide our hospitals with funding for hospital equipment. This year, among other projects, we are working to raise \$27,000 for the purchase of six new intravenous (IV) pumps. IV fluids are an essential treatment for patients of all ages and countless conditions, and having new pumps will enable us to provide safe and effective care to our patients with the latest technology to support their treatment. Visit drdhfoundation.com or contact Amy Joyce at 613-584-1266 x 203 for more information. With your help, the Foundation will ensure our families and loved ones continue to receive the best possible local care. Thank you to those who continue to give generously.

DRDH Initiatives

Kids in the Kitchen

- Provides children the opportunity to learn to cook in a safe & fun environment and enjoy their meal together
- Kids learn safe kitchen skills, how to prepare balanced meals and about nutrition

Healthy Foods Initiative

- Spearheaded by The Champlain Cardiovascular Disease Prevention Network, this initiative includes all twenty hospitals in the region
- As a member, DRDH is actively increasing healthy food and beverage offerings and decreasing unhealthy choices
- We have achieved the bronze benchmark award and are working towards silver status

Weight Management Program

- Dietitians offer a structured weight management program open to anyone
- Participants are given the option of following a calorie controlled diet using either meal replacements or real foods
- Weekly group sessions provide opportunities to learn how to get to, and sustain, a healthier body weight
