	<p>Workplace</p>		<p>10</p>	<p>0</p>
	<p>Total</p>		<p>37</p>	<p>0</p>
<p>Total Number of tests completed for RCD residents: 100,915</p>	<p>Percent Positivity^b of tests completed for RCD residents (May 31-June 06, 2021) 0.7%</p>			
<p>RCDHU has responded to 22,734 COVID-19 inquiries from residents and community partners since March 18, 2020.</p>				

^a Incidence rate is calculated by dividing the total number of confirmed cases in a 7-day period by the population size, and then multiplying by 100,000. It takes into account the size of the population, and can be compared to other regions. It's trend (increasing or decreasing) suggests the trajectory of transmission within a region. Data source: Population Projection of Renfrew County and District Health Unit [2020], Ontario Ministry of Health, IntelliHEALTH Ontario

^b Percent positivity is calculated by dividing the number of tests with a positive result by the total number of tests processed during the same time frame, and then multiplying by 100. A higher percent positivity suggests higher community transmission and that there are likely more people with COVID-19 in the community who haven't been tested yet. Data source: Ontario Ministry of Health, Ontario Laboratory Information System (OLIS), Visual Analytics Hub.

Renfrew County and District Health Unit

Municipality	Cumulative Number of Cases	Active Number of Cases (includes cases that are currently self-isolating or hospitalized)
