Happy Thanksgiving from the Mayor, Council and Staff

The Municipal office will be closed for Thanksgiving on October 9, 2023.

Garbage Collection Guidelines

- 2 bag/can limit per week for garbage - Bag tag required on the third or more bags - Maximum volume of 154 litres of household waste (without a tag) - All bags brought to Baggs Road Landfill will require payment of \$2.00 per bag. Wrap bag tag around neck of bag and stick ends together. - Tags can be purchased at the Town office or at Baggs Road - Copying or reproducing bag tags is illegal. For collection concerns contact the Town office 613-584-3114.

Community Garbage Drop Area

Residents that bring household waste/recycling to a central or common collection point, are reminded that the Contractor is not responsible to pick up any waste that has been strewn about by animals or from the trash bags breaking open. It is recommended that garbage cans/containers be used to avoid the garbage or recycling ending up on a neighbours' property or attracting unwanted animals.

Water Samples Drop off Days

Water Sample Bottles are available at the municipal office in Point Alexander. Samples are to be taken the **same day** as they are dropped off and preferably after noon. September to April—Drop off **Tuesday ONLY**. This is a drop off location for the Renfrew County Health Unit.

North Renfrew Family Services provides FREE counselling and support services to all individuals and families regardless of income levels from Deux Rivières to Laurentian Hills. Located in the North Renfrew Health Campus, at the Deep River & District Hospital. NRFS serves people of ALL ages and backgrounds.

Planning on Building? Permit Required?

Any new building over 160 ft² (10 x 16) including garages, decks, and porches requires a permit. If a building is less than 160 ft² (10 x 16) it must still meet the zoning and all setback requirements for the property. This includes any addition to an existing building including porches or deck as well as any extensive renovations that would include structural alterations or demolition of any building, all sewage systems, partitioning and finishing a basement, damp proofing or waterproofing foundation walls, including installation of drainage tile.

Chalk River Water System Users

In order to comply with provincial regulations and as part of the ongoing efforts to ensure the safety of drinking water, the municipality must test the drinking water supply for the presence of lead. The Town of Laurentian Hills is looking for Businesses and Residential Home Owners who are connected to the Chalk River Water System to participate in the testing and permit staff from the Water Treatment Plant to take water samples for lead testing. The testing will be performed twice a year and each test will take approximately 45 minutes. Testing periods are once between June 15, 2023 to October 15, 2023 and once between March 1, 2024 to April 15, 2024. Volunteers will be given ample notice prior to any testing and will be provided of copies of the test results. If you are willing to participate and allow the Town to sample water please contact the Town office at 613-584-3114.
